The Easier and Faster way to drill in Utility Poles

Greenlee is proud to announce our NEW Nail Eater® Extreme Black Teflon® coated Utility Auger Bits. Our new utility auger bits drill fast and smooth in most treated woods, including tough utility poles. Made in the USA, the patented cutting edge cuts nails and staples so these auger bits last much longer than other Teflon® coated bits on the market. And, with less power required to drill holes–extending battery life up to 30%–these auger bits help save time and money.

Features

- Teflon® coating resists heat and friction for fast and smooth operation.
- Patented cutting edge cuts nails and staples so the bits last longer over time.
- Over center flute design evacuates chips faster, no clogging or chip flyback.
- Less power required to drill holes – extending battery life by up to 30% .
- Made in the USA.
